School of Nursing
St. Louis, Mo.

April 23, 1905
England

my very dear one,

I got back from pass & day and
I got two of your letters. one was a very nice one
the other was you telling me to forgive you. What
I do not know. It was for the letter I got before
it is one I got, if Dad makes any sense. I guess you
wrote some thing wrong. Well, I shall have I got the
letter so see what it is all about. But I am
the one Dad should be wrong as I still have
a lot of your letters & answers. and that the
rate you wish I will now get up with you.
But I shall keep on trying.

I had a very good time while I was in my
room. I do not do any thing unless important I write
about but I did have a good time. I guess that
now because I got along with my body etc.

I did see a very good picture I saw it at night
the name was Janie and I liked it a lot. They the
picture was about a high school girl & some other
soldiers come in other life. The best part I liked was
a blanket party they had at school and I really liked
it because I never did go on one and I really
liked to go. That is one of my first on a date when I
got home. Well then I go with Dad just as plans
again. Did you see that picture? You did? Guess
a long time ago.

this letter of yours is very very good. I could never
do that good in any letter. it was all

2
about me. I asked you the crazy question. If you
know you love me. Will you did a very good job of
answering the question. If you would like me
I know I could not do that good. What I tried
to tell you or hope that you would think about. I
just do not want you to make a mountain out of
a mole hill. In other words. I want you to love me
& love a little with. But do not think to much of me.
as I am still a rather not nothing better than
a couple other million. and when you see me
you may not care. If an example. When you are away
a long time you think of you house and other things.
then when you see it, it's not as big as what you
have been thinking about. And what is partly
became in your mind and you made a castle
out of it and it's not that at all. I would like to
say you write about me a you letters as a whole.
Here is some thing else. Do you remember that

long hair I had when I was? And about the
hair is in my picture. Well, I lost all that hair
as I had a good bit. Hair cut. I like it better
but I know no one would not as the women
in long hair. If I came here now I would get the
hair of the house before I got my foot in the door.
I would be lucky if I got one kiss from you. See
how bad it is.

I know that there is some thing between us. Or why
all the writing we could be just as well out
with some bread. But not now that we do write

and not because we love & but because we want
to write. There is a lot between us. My seven with
me than any a lot of the men who are named
over here. The one by I wish with out his wife
but once a week a visit. And you never got that. You
at least got a lot of long letters. I. But please?
but a great deal of you. So not for ever forget that!

The weather is pretty cold now. And all happen
Saturday. But last week the paper said we
had no snow of new light than any other
week in many years. As Wed. & Thurs we had
12 hours of sun & light. That is not bad.

my heart I love & close & get a little
slaps I may that you still ever love me & think
about me with out those letters could
be lost.
my God watch over you my dear angel

Love from the
bottom of my heart.
Just
