my dearest one,  
may your dreams be  
like my dreams & if that is so. I know that  
every thing is O.K.

I've have a lot of your letters &  
answer. And I better get started soon.  
But first I got a lot to write you.  
I did not write you at all last week  
and that was all because of V-E day.  
As I could not stay in camp on that  
day. As it is finally finished the past  
I was sent over here for now for the  
other side.

We all got stopped work Tuesday at  
3 o'clock as that is the time we heard the  
news. But tell us it was over. And we  
got the rest day off. It was sure good  
to hear it. But it does not mean like it.  
We could not get out of camp that  
night. But we had a good time in camp.  
The next day we went to town early the  
day. And the city was full of flags  
& things. They all said that the city looked  
like a city, most of the time it's dead.  
But not this night. As they had a  
day holiday over here. The place

2.  
really had a lot of lights in it. And that  
is the first time that I saw lights in  
a 1 1/2 years. And it really looked good  
I could not say that's much.

Thank you so much to a show, you know  
me & that. I saw "Can't Keep Singing." I think  
Did you write me about it once before.  
I really liked it. And I like the song  
"me & me". They had a good setting for  
it. Or maybe you don't remember?

I will write you about the baseball  
game. We had Friday late & in night  
the next letter. I did not write much that time.

I had Saturday & Sunday off so I did  
not do much. I did not do a very good  
picture Saturday. It was Sunday when  
I was.

I would like to write about the show  
as I really did think it was a great  
one. I also think you so it. They are  
I will not have much to tell you. I did  
like the way the boy & girl in line.  
I like the way she told him good night  
the train. It is the way I always thought  
that our good bye should be in the  
of a telephone call. She really did love  
him. And I thought of you the way I  
must say it really got a lump in my  
throat. I really did like it. And got a little  
love note then?

You like the picture as you  
never wrote & send about \$5 me.

Sunday I went to a church 500  
years old. And it was a nice service.  
I had to stand. As it was also a day  
of thanksgiving as it was at home. And  
the people really went there. It was  
a mother day and I thought it  
would be good & good. As I missed  
so much already.

To night I am spending the time in camp  
as I could write a couple letters as  
I am really behind.

So you are a tennis player. Well I need  
a lot of good lessons. And now I know  
the teacher. I am sure wants to learn I  
guess she will in about 10 years.

We had great weather here.  
Saturday. As it was up to 85° in  
the shade. But today it is a little different.  
As the weather is colder a lot of  
windy. But it is just like March not  
May. But I guess you are having the  
same time in St. Louis if you are still  
there.

And that reminds me I forgot to send  
 your graduation card. I will do  
 so tonight. I hope that you got it  
 in time. I would like to take this time  
 to thank you for all the good letters.  
 I will never make it up to you. I hope  
 that you will find health & happiness  
 in the years to come. I am <sup>never</sup> very  
 good at this thing. I hope you under-  
 stand. I really wish you all the best in  
 the world!

So you think that I am practical. Well, I  
 would like to say this now that way. Until  
 we can talk & read & write again. And I  
 know that we can talk about a lot of  
 new subjects this time with the little under-  
 standing of it all. I just do not want you  
 to get hurt in any way that is why I am trying  
 to be practical, but you should know  
 I get you in your <sup>and</sup> I hope you could  
 help me on that way & I?

I see that a little later on in  
 your letter you agree that we need  
 to see each other. And that is all I  
 am wanting waiting for. Love & the  
 end of it all!

But I am under a cloud how it's easy  
 & get a way for it all as I do it a lot of the  
 myself. Let's put forward, if you still feel  
 like waiting?

Now I am going to bed to dream a little  
 now about you. And things we both  
 can do. This letter came all my love  
 can do. This letter came all my love.

Did you see. And my dreams!  
 my dad watch over you  
 as he did me the 12 years here  
 here.

I love & miss <sup>it</sup> to a dear one,  
 But I hold a large part of my

heart for.

Miss  
 Hop to you.
