My Dearest Martha,

I guess
I should start addressing the
letters to Old Lane Town.
as I guess you will be
back there soon. But I
will write this one to the Hospital.

Last night I had some thing
good happen to me. You see I
woke back & early & a touch
of bad & nervous. And long
I did I think of you. First I
was so very proud that I knew
you. Just to know that you
are equal to them only better,
because I love you a lot.
They all find it difficult to write
my close & I'm like you must
do with me. I get pretty mad
because I am not one. And that
means that I will not be able

2.

Are you if you go in the service.
The girls really look good. And
it's great to know that there
was an American girl around.
I wished they would not of had
this as I sure would like to
talk to them. But that's all pass
now.

They did do some thing that I liked
a lot. They had to have kind of
powder on the face and to have.
And you do not know just what
that did to me. It was almost
like having you back in my arms.
I guess the best way is to tell you
that it was a good a getting a picture
from you. They this all may sound
pretty silly to you but hardly?
wanted you so much last night
more so than I ever did since I
left home.

I think I mean it when I
know you are going to have

St. Louis room. And how I wish you
had a mother 20 or 30 years ago
and I could get to see you. I know
I should not say that.

I was talking to a boy today
and he said that he was from
your city. Of course we talked
about football with a know at
it. He is a Tiger and is the supply
of a very good guy. His name
is Jimmy Rose. He did a little
fight in the ring also played
baseball. He said that he
lives about 9 blocks from
your house. He is an Southern
something like that. I will have
to talk to him about it more.

He wanted a whole bunch of
high schools when I told
him your school colors and I
in fact the one he heard
that you went to.

4

I will have to tell him. To tell
you if he gets some more. But
now nobody knows where they
stand. He also said that he
use to drive a truck. It
was worth beer. I thought

As we had all the beer
we could drink at that
Louis is starting getting it from
your town.

I put gas & back from lunch.
and I am still hungry. Since
they cut down on food. We
to go around twice before I
am full.

The nurses place sounds
like you are full of fun.
When you ate that raw Easter
egg for Dr. Doctor. I will
have to remember that

for next year.

Last night I again went to a show. I saw an English picture. It was "Fanny By Gaslight." This picture as you may know has been from the States. I can see some place and not why it would. When they talk about this child with but a real mother or a dad. I think you know what I mean. It is not like "Gaslight" this is one picture I can tell you I see and have it all over you as you can not.

We never had Eastern daylight saving time in St. Louis. We are moved up one hour on the war.

So you are thinking about swimming. Will you not bring Dad now. In right now I do not know just where I will be.

6.
Will do so. I guess that
is all for today. I sure
hope you are thinking about
me as I am about you.

Love & home just
M.P.
