my Dearest -

I wrote you a
letter yesterday afternoon &
I should say evening. And I
sent it to the post office in town.
So not much has happened since
then. As it is about my ~~last~~ lunch
time. And then for all I can
ask about is my work. And
that is not much good. I do
not feel like doing anything
particular.

I do have a couple of your
letters & answer. And I wish
do so soon. I got a couple more
letters from you today so I am
still be long. Indeed. One of
the days I will get up with
you.
I have to get some work to
night. So I do not think I will

2.
I don't know. As I just about
gave that up all together. I
didn't count much any way.
My body has enough to
be it known. So I will not put
any thing. But still we get here.
I like the beginning of this letter
love of my life. That really sounds
good. I wish I was there so
you could give it.
Most of this letter is about
Bob & your letter to me. Well, I'll
get most of it like your hand I
should. And if any thing more is
to be said about it. I will
be only when I am there I hear
it & read it. So let's just
drop every thing on or about that
subject. I think that
you would like it better. And
I would too.

You was the best ball team
the girls had. Did you get in
any of the game. How well
we about it. We are to play
a new one, I hope.

It all depends on the weather.
as it is not we could play but
the ground is wet from the rain.
This letter is on pink paper. I
usually say, pink is to make the
my pink. Is that right?

I had a laugh about you in
the last letter. You better
watch burning the food. You will
not get a man to do way. (You know
through a man's stomach you can
get to heart.) I think it is rather
get that way. I would what
they would say if I asked them.

I am glad to hear that you
had a good time at the junior
sister banquet. I hope

when I
know you must feel of your
and a cheer. As I really felt
good when I was in high
school. And since you were
a lot kinder for it you would
like to be a cheer more. I
did not put that just right
but I think you know what I
mean. The kinder you are
for something the better it is
when you get it.

I would like to make that
formal banquet you all got
for May 24. but I guess that is
another date. I would like
to have a rain check on it. We will
have to have our own banquet.
I better close right to get to
work. I hope you are in
good health & very happy.
As I am promising Dad your love
me a lot
Haf.
