Dear Marty,

In a few days you
will be graduating from school,
which I am sure you will like
very much. I know I will
wonder if I was graduating
from the last school. I was
so very proud of you. I would
like to again wish you all
the luck in the world.

Last night I got a what
and it hurt when the needle
went in but not after that. But
I can always remember the
first one I got at S.B. It
hurts a little to-day.

We went to a stage show
that play put on by 4 girls was
good. of course since it had
no women in it. It was pretty
chitz. but they really had

commodity things. It was not
long but pretty good.

The weather is still not so good.
We had a little rain yesterday.
And I have not seen the sun
for one hour for about 5 days
now. It looks like it will
never come out. I hope you
got better weather.

On this letter you got "P.R.
Vision" I guess that is better for
air mail. Am I right?
You are sure right if the
words of that song you write
down are really good. It was
all about missing you which I
do very much.

I am glad to hear that you
are 5 letters behind. Then I
know that you will write me
at least 15 more letters. I
am a little behind you.
I have not seen the pictures

God is my Co-Pilot. & 3.
To have & to have not. Of course
I let you see then & if they
are good I will run them.
In that way I save my money
on the bad ones. It's the matter
in one! And not the kind of mind.

They had it to have & to have not
on the field but I did not
see it. They all said it was
good. The shows on our camp
as all the shows on our sea. True:
But we like a dumb fool goes to
town to pay for it. Well it
takes a kind of people to
make a world.

So we are going to let Krieson
the baseball game. Well how about
100 on the Browns finishing higher
than the Yankees. And 100 on the
Nation League being the American.
A.K.?

As for the date I be just 4.
as happy with a couple of
in the park.

I sure wish the way you
closed this letter only I would
only do half and good.

Since I got more grace in
this letter I would like to take
it. And tell you thanks a lot
for your personal invitation
to your graduation. It is really
nice. And I will keep it so I
can think of the good time I
missed while I was away here.
I really wish with all my heart
that I could be there to see you.
But there was only
5 girls from St. Louis. And the
a great part of them are from
out of the state. I thought
that it would be the other

5
may around. Your name looks
like mine. As if it ^{is} lay like
my name. When I was in
high school they had a
odd paper on it & hold my
name. + have again for it.

Well, dearest, I hope that
you are in good health &
happy as I am. For I feel
great and you would if you
know all I did. They do me
reeda cema.

Dearest may God watch
over you as he did me for
a good while.

Love always.

Joe
