My Dear,

To day starts the ^{month} last week of this May. And it will soon be good old pay day & June. I always did like June a lot.

I had a nice 24 hour pass but the weather put a wet blanket on it all. And I mean wet. As I got caught out in the rain twice. But the last time I really got wet. Right now it is very nice out as the sun is out and it looks like this will be a good day.

I did see a nice fair picture over the week-end. As I saw "Bugs". I had some fairly good times in it. Indeed a bad picture. Did you

see it! The best part I thought
was when they & Lucia two ladies
man.

I do not have much news
to tell you. So I guess I better
get to your letter. I have had
a lot of them & answer. and
this week I will catch up
for some.

I thought a lot about
you the last couple days
now then I think I should
of for it is no good to think
about things that may never
come true. but if they do they will
take a good while. but now
I should not get so serious &
worry you better.

I did not sell that picture.
'This man's Navy'. I always did
like Wallace Beery & I guess
I better put that in my book

Under "the must see list" 3.

Say you wrote a couple times
about the Purple Cow. Just
what is it and what kind of
place is it? I may get around
some day.

I tried to ask for what I mean
will I write to you what
reason in one month you write
me about that & I will tell you.

You are your kind is now.
It has been a long time since
I kissed you. In fact it has been
a long time since I kissed
any American girl. I did not
have any in Calif. or N. Y. So
you were the last American
girl I kissed. I never thought
of that much but I am pretty
sure you are the last
girl. If you are no other one
of the two was the last
I think it was you.

4.
a good part of this letter is
about Bob & ~~the~~ ^{one} letter
you wrote. I think the less said
about it the better it will
~~be~~ be.

Here is a part of this letter
that is very good. If I could
only write as good as you
can. But honest heaven it is hard
for me to write things like that.
I could do better if I told you
in person. When I get you in
the park in my arms with
a baby in my arms with
a baby in my arms with

I have like the way you
write about your cooking. I
am glad to hear that you
are doing so well. I will
have to try it when I get
back home. Maybe by that
time you will be a good
cook & I will eat until

I fall under the table.

I was even glad to read in
this letter. And you have 10 months.
I hope that I could be here
by then. But I must not think
so. Just what do you have
to go back home, St. Louis for.
Do you have more schooling or
want practice. Tell me more
about it.

I should send your mail
to your house before you told
me in this letter. But after
the 3 weeks were to send
them.

I better close now as I get
to go to work. I sure don't
feel like it. But then you
can not do every thing you
like to do.

I hope you are in good
health as I am.

I miss you a lot as I always
did I hope that you still
love me a lot. As I love you.

your love
Aly.
