Dearest,

I should not tell you this but I have really been missing you. I can tell you a lot better when you are here.

I was going to call you at your home but I did not know if Mary Ann had the telephone put in so I could not call. And I did not know the number.

This pen of Ray's is not so good as you can see by this writing. Oh well, I will not have to write many more letters so I do not care.

You call me at the theatre when you get here Sunday. I will try to find a way to see you & to get you home. But you may have to wait at the station a while. If I cannot come Ray or Dad will I hope. But call me.

I go bowling to night I hope
we can win a couple games
if not we will lost second place.
So cross you fingers. I will
see about you ball to night.

Are you better hold tight because
you will get mad at what I have
Dad. Grandmother gave us a gift.
I got a shirt & tee & p.j.'s. The tee
Grandfather brought.

You have a gift & then she gave
us one for both of us. I couldn't wait
open those so you better hurry back
so I can.

I know you are mad because
we did not get her a my thing. But
mother told me last night what
she really needs & Grandfather
can use it to. So when you get back
we can get it. I wanted to wait &
get some thing she & he can really use.

I got a deck of cards in the men's
gift. So mother said to put them in

the "hope chest." I do not know why
as you do not play cards. Neither
also put in some things as you will see
when you get here.

I got your letter. And it was very
nice. I am not worried about
other men. Because I can play that
game. But I am in love with you
and other women do not count. I will
not say I do not look but that is all.
So let drop that.

You got a lot of clothes. I will
sure have to look in to all that.
I have a couple questions. I ask you
about that. I you know I want
would be interested in that so that
is why you put them in.

I guess the only important news I
got is I got her engagement
rings for Christmas. I do not know
when she will get married.

But a girl friend of hers has
been waiting a long time for
her dress & get married. So you
better start when you get back.
If your mother says ok.

Just got back from eating.
I did not eat so much as Grand-
mother sent me down turkey
and I had turkey & eat 5 days for
dinner.

This is all the paper I brought
from home so I better start
closing now.

I did love you very much
and miss you a lot. So the faster
you get back the better it will
be. You beginning to find out
how much I miss you.

Love my dearest & send
a big kiss for you
